energy saving tips & tricks.

- Do you have enough clothes on to keep you warm inside?
- Shut your doors!
- Close blinds when cold, let the sun shine in when sunny!
- Use power boards, unplug/turn off switches when not in use.
- Defrost food in fridge overnight, don't use the microwave!
- Meal prep... get organised and only use your appliances once!
- Use economy cycle for dishwasher, only turn on when full!
- Use cold water to wash clothes, only use with a full load!
- Don't use the clothes dryer! Dry clothes outside or on a rack.
- DO turn off your lights & switch to energy saving globes!
- Cuddle! ALL. THE. CUDDLES!
